Coal Strike Is

Long Labor War in Southern Colorado Has Finally Been Concluded.

UEBLO, Colo., May 5.-From a telegram received by H. M. Simpson, secretary of the Victor Fuel company, in this it is inferred that the coal strike in the southern coal fields is declared off. No details are given, but it is understood that the reason for declaring the strike at an end is the failure of the national organization of the United Mine-Workers of America to further support the Colorado strikers. No communication has yet been received from the headquarters of the national

from the headquarters of the national organization.

In an interview this morning Gov. James H. Peahody said he was informed, while in St. Louis, by President John Mitchell, that the national organization had withdrawn its support from the Colorado miners, and to this fact he attributed the collapse of the strike in the southern coal fields.

Wolcott to Head Colorado Republicans

Former Senator Will Be Chairman of the Delegation to

Chicago.

ENVER, May 5.-It has been agreed by the State Republican leaders that Edward O. Wolcott, former United States Senator, shall be chairman of the Colorado delegation of ten to the National Republi can convention. A State convention will be held in this city tomorrow to name six delegates at large and six alternates. Besides Mr. Wolcott, whose elec-tion is conceded, Governor James H. Peabody, Judge N. Walter Dixon and Simon Guggenheim will probably be named as delegates. Other candidates are John W. Springer, A. M. Stevenson, Boynton, William Lennox and

Irving Howbert.
State Committee Chairman D. Fairley will call the convention to or-der and will preside until a temporary chairman is elected by the convention. A contest over the choice of temporary chairman between the Wolcott and anti-Wolcott factions is expected, but there is no doubt that the Wolcott peo-ple will be in control.

Resolutions indorsing Roosevelt and

urging his renomination will be drawn up by Mr. Wolcott, who came from New York to take part in the convention. The instructions in behalf of Roose-velt's renomination will be clear and unequivocal, it is stated. A. M. Stevenson will be recommended for National committeeman.

Flames Drive People From Home

Flee in Night Clothes From a Blazing Building in Chicago,

Illinois.

HICAGO, May 5 -Many tenants of the Legging & Legging annex buildings, fashionable apartment structures, were driven to the mirest today by fire, which destroyed Werner brothers' storage warehouse adjoining the Lessing nanex. After a hard fight the blaze was confined to the building in which it started. The family of Eric Werner, proprie-

tor of the warehouse, lived on the top floor of the warehouse, which was a three-story structure. They were all forced to see in their night clothes. Sixty horses confined on the ground floor were burned to death. The big warehouse, filled with furniture, was destroyed. The loss is estimated at

Legality of Boycott Declared Off to Be Passed Upon

Action Begun in the Superior Court, San Francisco, to Decide the Question.

S AN FRANCISCO, May 5.—A suit to determine the legality of the boycott was filed today in the Superior court. The plaintiff is Charles L. Pynl, an electrical engineer, and the defendants are the San Francisco Labor Council, several unions and various union officials, who are alleged to have entered into a conspiracy to injure Pyal's business because of his employment of non-union men. Several instances in which the boycott was used against him were specified in the complaint, and \$25,000 damages are de-manded.

Excuse of Icemen to Raise the Price

Product So Extremely Thick That Chicago Dealers Will Advance Rate.

HICAGO, May 5,-Announcement is made that the price of ice in Chicago is to be higher this year, not in spite of the rigorous winter, but because of it. The ice companies claim the product was so extremely thick and difficult to cut that they spent more than the usual amount of money for labor and are forced to raise the price to consumers. Last year ice sold at wholesale at 15 and 20 cents a hundred pounds, according to quality. It will be sold at 20 and 20 cents a hundred this year. Last year families were supplied at 30 and 25 cents a hundred rounds. This year ice will cost 35 and 40 cents a hundred.

Negroes Praise the President

Course of Roosevelt Indorsed by African Methodist Episcopal Church Conference.

HICAGO, May 5 .- President Roosevelt has been praised by James M. Henderson, president of Morris Brown college, At-Ga. Addressing the conlanta. ference of the African Methodist church

at Quinn chapel, he said: We admire the stand which our President has taken toward us, and if he has the moral courage to continue in the course which he has adopted he will hold a place in the hearts of the negro along with that of Abraham Lincoln.

President Henderson's view of the race problem was: "By education alone and not by ironing out the kinks and by the use of bleaching powder can the negro rise to the standard of the white man."

SLAG FOR COUNTY ROADS COSTS MONEY

Transportation of slag for use on the county roads by means of a traction engine is a stride in the Twentleth century advancement which is being seriously considered by the County Commissioners. It is pointed out that, while the cost of equipment for this departure would be in the neighborhood of \$440, the saving over present team and wagon methods would be so great as to make it a measure of real economy. It is said that some definite action will be taken by the Commissioners as soon as the estimates are all in for furnishing the engine and necessary equipment.

Vinol is delicious to taste and acceptable to the weakest stomach. It con-tains no drugs nor poisonous ingredients, and there is no necessity for people to load their stomachs with drugs, nauseating oils or emulsions to obtain the curative power of cod liver oil, for it is all contained in Vinol. Vinol is the greatest strength creator and health restorer known to medicine today. We could quote innumerable instances where it has fortified and built up the system, strengthened the nerves, cured indigestion, chronic coughs, colds, bron-chitis and incipient consumption, given strength and vigor to the aged, replaced weakness with strength and made the sick well.
